

Authentication of MLT Hours Worked

To provide credible evidence of competence, each MLT is required to declare they have been employed in the practice of medical laboratory technology for 900 hours in the 4-year period immediately preceding the application for renewal (new graduates of Canadian MLT training programs are exempt) as per Section 12 of the *Medical Laboratory Technologists Profession Regulation*.

Pursuant to Schedule 11 of the *Health Professions Act*:

In their practice, medical laboratory technologists do one or more of the following:

- a) *Collect and analyze biological samples, perform quality control procedures and communicate results that have been critically evaluated to ensure accuracy and reliability,*
- b) *Teach, manage and conduct research in the science and techniques of medical laboratory technology, and*
- c) *Provide restricted activities authorized by the regulations.*

This form is designed to aid in accurately tracking MLT hours. Please retain this information for five years as per all audit documentation. Please attach an additional sheet if you require more space.
